

Results from the March desktop rally

Below are the results from the replies I received on our first desktop rally. I applied points similar to what I would do for the Riverina Run. I regarded each reference point as a Passage control with penalties as follows-

Missing a reference point	35 points
WD into a reference point	25 points
WD out of a reference point	25 points
WD into and out of a reference point	35 points max
Visiting a reference point more than the correct number of times	25 points
Reference points out of order	20 points.

You will see that there are some high scores. As an explanation, firstly, there were 22 points that had to be visited, many, many more than you would usually find on a normal rally. Secondly, you are not allowed to drink alcohol on a normal rally but not so around the kitchen table. I can now see why they ban it on a normal rally!

Results are-

Geoff Watson	145
Pam Watson	215
Wendy and Gary Maher	220
Greg Yates	235
Teresa Morey	280
Dave Johnson	290
Alan Watson	295
Bob Morey	325
Lui MacLennan	370
Harriet Jordan	385
Allana Mackertich	475
Don Bradman	503
Darren Taylor	510
Carol Both	600

Apologies to Jenny Young, I've lost your reply.

We're thinking about extending the time in which you can answer so please everyone, have a go at the April desktop.
