

### Results from the May desktop rally No 3

Below are the results from the replies I received on our third desktop rally. I applied points similar to what I would do for the Riverina Run. I regarded each reference point as a Passage control with penalties as follows-

Missing a reference point	35 points
WD into a reference point	25 points
WD out of a reference point	25 points
WD into and out of a reference point	35 points max
Visiting a reference point more than the correct number of times	25 points
Reference points out of order	20 points.
Maximum penalty for rally	400 points

Results are-

Geoff Watson	50
Pam Watson	270
Alan Watson	335
Wendy and Gary Maher	340
Gerry and Carol Both	400
Bob Morey	400
