

## CRC Desktop Rally June 2010

Author (Director) – Bob Morey Checker Teresa Morey Double Checker ☺ – Jeff West

### Route Instructions.

**Maps:** Sydney Special 1:250,000 Ed3, N.R.M.A. Sydney Surrounds PS2504 07/09 or PS2504 06/07 – Illawarra map. Larger scale map takes precedence.

### **Notes:**

- Follow the shortest route point to point through all given via points while obeying all other instructions
- Do not oppose rally traffic at any time.
- The unnamed road parallel with & south of TOWRADGI RD connects with CARTERS LANE.
- Any feature named as part of these instructions is within 500 metres of the correct route.
- If a point is not defined precisely, i.e. Hornsby railway station, the precise point is the centre of the letter of the location shown in bold & underlined i.e. Yagoona
- There is an unmapped road 1km long running due north of GR 31852328
- Any of the standard rally terms i.e. RJ, XR etc may be used.
- All roads & tracks can be used
- Any mapped road broken by text, an object or railway line etc. is deemed to be continuous.

We start our rally at the Dead Centre of Sydney.
