

Special notes for 2009 Penrith Pas de Deux

There are two important things to note-

- 1 You need a working non-resettable odometer.
- 2 You need to provide you own map. It is the NRMA Map No 3 with P2503 06/07 in the bottom right of the back page. It is called either “Sydney and Suburbs” OR “Metropolitan Sydney”. The maps are the same, only the name has changed

The map called “Sydney Surrounds” is NOT the correct map.

This information is in the Supplementary Regulations but for those who don't bother to read them (but should) we have emphasised this information here.
